

Redeemer 2025 Pledge Card for Children and Youth

Stewardship means using the gifts God has given us to do the work God has given us to do!

Stewardship is a part of our everyday lives. When we listen, when we share, when we help, we are practicing stewardship. Each one of us is called by God and marked as Christ's own forever and our response to that is stewardship. It is our way of saying thank you to God. We are all given many gifts that are to be used to accomplish good things.

Check any or all that you pledge to do in 2025!
